

AYUSH HADA

Frontend Developer | AI/ML Enthusiast

Electronics & Telecommunication Engineering student at MITS Gwalior with hands-on experience in frontend development, AI/ML, Python, and cybersecurity tools. Skilled in building responsive web applications using React.js and Tailwind CSS, with strong interest in AI technologies and software development.

TECHNICAL PROJECTS

● Noise Reduction System using Deep Learning

- Developed a deep learning based noise reduction system for audio, video, and live video streams.
- Implemented AI/ML techniques to reduce unwanted background noise and improve media clarity.

● FREELANCE WORK

- Developed responsive websites for freelance clients using HTML, CSS, JavaScript, React.js, and Tailwind CSS
- Customized website layouts and user interfaces according to client requirements and modern design standards..

● Deep Learning Based HSL Classification

- Developed a deep learning based HSL classification system for identifying and classifying data using AI/ML techniques.
- Worked on data preprocessing, model training, and prediction analysis to improve classification accuracy and performance.

CERTIFICATIONS

● Frontend Development

Completed frontend development training focused on HTML, CSS, JavaScript, React.js, and responsive web design.

● AI/ML Basics

Completed certification in Artificial Intelligence and Machine Learning covering fundamentals of machine learning, data analysis, and AI concepts.

● Python Programming

Completed Python programming certification with hands-on experience in problem solving, GUI development, and automation basics.

● Cybersecurity Fundamentals

Learned fundamentals of cybersecurity, Linux environments, network security concepts, and basic penetration testing tools using Kali Linux.

EDUCATION

2023- 2037

Madhav Institute of Technology and Science, Gwalior

- Electronics & Telecommunication Engineering

2022

Emmanuel Mission School, Bundi

- PCM

SKILLS

- React.js
- JavaScript
- Python
- Tailwind CSS
- AI/ML
- Data Science
- Git & GitHub
- Linux / Kali Linux

LANGUAGE

Hindi

English
